Letter of Intent

Dear Sirs, Madams, It is a big chance to apply for a Master program in biochemistry at Abant İZZAT Baysal University. I am Amat Allah Saad, living in Saudi Arabia as visitor, have graduated from Biochemistry in 2018, I secured the first top position in Yemen Thamar University with an overall score of 91.57 %, I was starting my science trip in chemical when I was at high School, I got the final source in chemical even I did not study as well as ,also interested with experiment in laboratory and I was continued as passion for 4 years in college with work as team. The first fingerprint I did before I graduated we work as one person for finishing graduation project , published in International journal of Pharma Research and Health Sciences Available online at www.pharmahealthscience.net . I volunteered at Alpha laboratory and at Bank Blood Center in Sana'a to get benefit for gain experience, I did not stop taking a knowledge so I completed to study diploma in English, computer programs and has scored 93% for both of them. I choose studying in Turkey , the land of Islam , culture and science, which support a creator student to complete our aspiration, I am trust to get chance for studying and be student of it ,that I utilize my full potentials for studying , it will open a lots of windows to my favorite job to be as the best Chemical Searcher in the world which will be proud of Abant İZZAT Baysal University and my country. Thank you for giving your time, considering my application and I am hopeful for near reply. Sincerely

In this section, it is expected to explain following details: your academic and social experiences relating the field you want to take an education, your reasons for choosing Turkey for study and the importance of your future plans for your education and scholarship in Turkey.

Dear Sirs, Madams, It is a big chance to apply for a Master program in biochemistry at Abant İZZAT Baysal University.
